- Create by Learning Institution
- Universities & Business Schools in INDIA
- Students entering in the Universities
- Tenets of LIBERAL EDUCATION

# Institutions of Learning of the Future

An institution is set up to make a departure,  
to weave a motif  
in the tapestry of education.

It is to build an institution of learning  
where generations of young adults  
will grow to learn to grow  
and become the leaders  
of today and tomorrow  
and lead the nation  
to the forefront of  
discoveries and innovations.

## What is our Heritage of Education

- A rich tapestry of cultural heritage.
- A heritage of learning traditions.
- Educational Institutions of diversity.
- Education was for learning for life values.
- Education for governance of nations and institutions.

## What can be created by a Learning Institution

- An institution where students inculcate the spirit of learning.
- Focus on innovation and entrepreneurship.
- An institution with intellectual contribution to research.
- Institutions of learning with a pioneering spirit.
- Contribution to technology with a human face.

## Universities & Business Schools in INDIA

- 789 Universities
- More than 12000 Business Schools

## Students entering in the Universities

- More than 20 Million Students enrolling every year.

# Tenets of LIBERAL EDUCATION

- Human Existence and its Evolution
- Truth : What is right and wrong
- Philosophy of life
- Values to live by
- Wisdom and Emerging Knowledge of Today and Tomorrow

- Thank You
