

# India New Zealand Business Council Summit

## 4 August 2017

Chris Gosling, Chief Executive,  
Wellington Institute of Technology and Whitireia New Zealand

# ITP SECTOR VALUE PROPOSITION

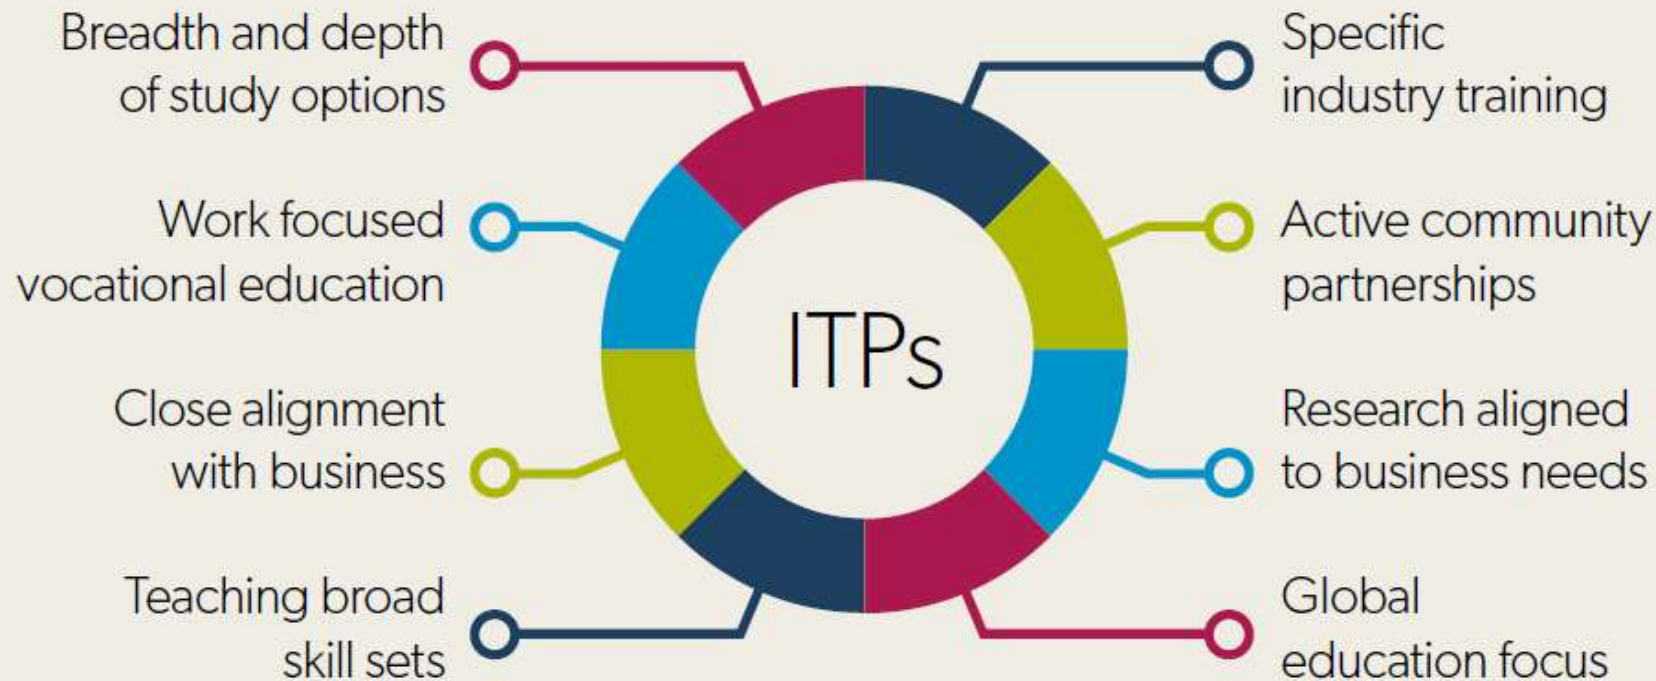

New Zealand's Institutes of Technology and Polytechnics (ITPs) offer significant value to New Zealand through the creation of a highly skilled workforce, enhanced individual and community wellbeing and increased business productivity.

# UNIQUE VALUE OF ITPs

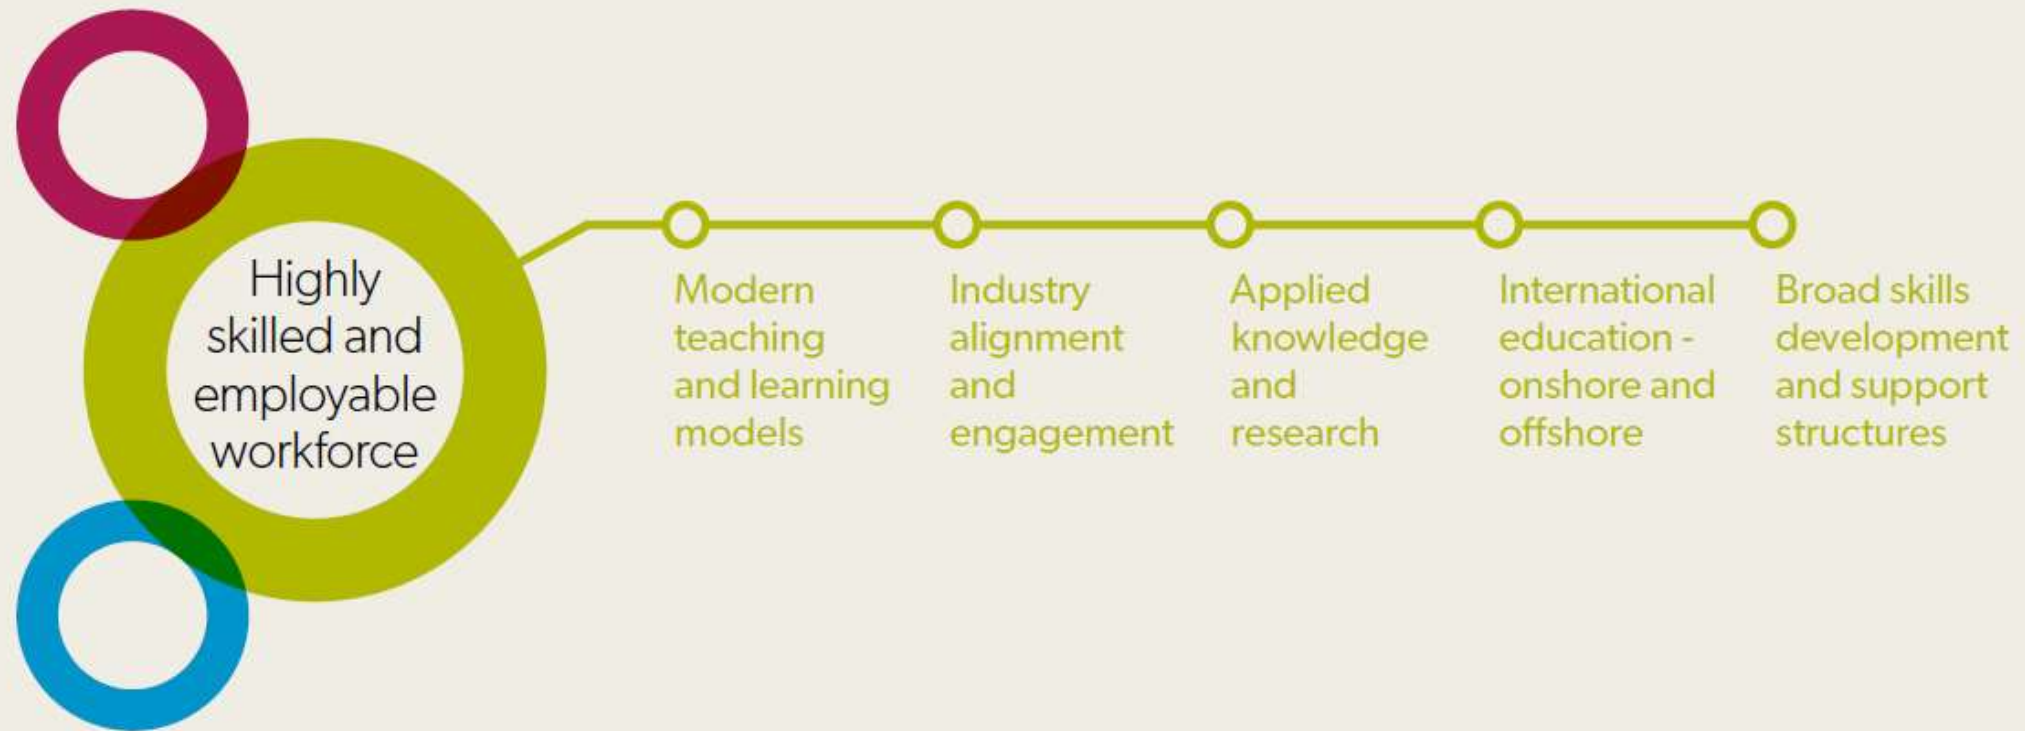

ITPs provide a unique mix of academic and practical learning that creates graduates that are extremely well equipped for the needs of business and employers - both now and in the future.

It is the unique combination of a number of essential elements that deliver this value:

# A HIGHLY SKILLED AND EMPLOYABLE WORKFORCE

We create a highly skilled and employable workforce through responsive and industry-led work focused professional and vocational education.
